

OUR ULTIMATE WEDDING STYLING CHECKLIST

Planning a wedding is such an exciting yet sometimes overwhelming experience, with countless details to consider. From choosing the perfect colour scheme to ensuring every table setting is flawless, the décor you select will play a crucial role in setting the mood for your big day. With this in mind, we have created our 'Ultimate Wedding Styling Checklist' to help you think about what you might need or love to achieve your dream wedding look.

Depending on your venue and the areas that you want to highlight or feature, you won't need every item on our Checklist, but you can use it as a handy guide to make sure you haven't missed or forgotten something that you might need to consider.

It's also worth noting that much of our wedding ceremony decor can easily be repurposed for your reception or evening celebrations. If this is something you might like, simply let us know and we can chat through all the options available.
